

# **FLUIDS & THERMODYNAMICS**

20 cp unit lasting whole academic year.

Dr Abhijit Guha, University of Bristol.

It is a Core unit for:

Aeronautical Engineering

Engineering Mathematics

Engineering Design

## **External Examiners' Comments**

On Fluids & Thermodynamics

**Prof. Jim McGuirk, Loughborough University:**

**2006:**

Paper is of high standard and covers all essential elements necessary. Answers provided are also excellent.

**Prof N Wood, University of Manchester:**

**2000:** "Overall a good exam that is well presented and adequately stocked with supporting material. Many of the other examiners would do well to use this as a template."

**2002:** "This is a very thorough paper that is well prepared and presented".

**2004:** "Another excellent paper presented by Dr Guha"

**Prof PW Bearman, Imperial College:**

**1997:**

"Excellent model answers".

**Prof AJ Morris, Cranfield University,**

**1996:**

"Good Paper, I enjoyed attempting it".
