Examination Passed/ Qualified	Discipline	Institution	Year of Passing
Masters in City Planning	Architecture and Regional Planning	IIT Kharagpur	2012
B. Arch	Architecture	Jadavpur University	2010

RESEARCH INTEREST

Tirthankar Sarkar is pursuing his PhD from the Department of Architecture and Regional Planning, I.I.T. Kharagpur. His doctoral research involves developing a framework for improving bicyclists' accessibility to rail transit stations in order to improve rail transit patronage and to reduce environmental impact of motorised modes. He has been working in the domain of urban transportation planning since his post graduate thesis which involved improvements of signalized urban road intersections through spatial as well as temporal solutions. As a part of research consultancy projects and academic exercises he was also involved in preparing development plan for the city of Korba, Chhattisgarh.
